▶ Please read before you bid ◀

Instructions to Bidders

The computer cage will be open from **9:00 AM** until **1:00 PM** on the day of the sale. Customers may inspect and place bids for available items during this time.

Each item will have a tag that includes the item number, a brief description of the item, and, in some cases, a minimum bid price.

Customers will be provided with bid sheets that provide the item numbers, brief descriptions, minimum bid if applicable, and a space for entering the customer's bid. Bidders must legibly record the information requested on the top of the bid sheet and the bidder must sign the bid sheet.

At the close of bidding, the bid box will be taken to the bid room where the bids will be tallied.

After the bids have been tallied, the winners will be posted at the computer area at **2:00 PM**. Each successful bidder will be given a list of the item(s) awarded. Successful bidders must pay for all property awarded before **3:00 PM**. Payments will not be accepted after **3:00 PM**, and the items may be offered to the second highest bidder.

The property must be removed before 4:30 PM on the day of the sale unless prior arrangements have been made with the sale administrator.

Terms and Conditions

Computer cases may not be opened during the inspection time. Item descriptions indicate internal components and what we know about the item. (Anyone desiring to turn on a computer may get one of the technicians at the test station to do so).

Customers may bid on single or multiple items on the bid sheet. All bids must be in even dollars. Cents will not be used in calculating the bid amount. EXAMPLE: A \$15.99 bid will be read as \$15.00.

All bids must be placed **in the bid box by 1:00 PM**.

In the case of tie bids on a specific item, the tie will be decided by the flip of a coin. Multiple ties will be determined by a coin flipped for each bid. The bid will be awarded to the bid with the odd facing coin.

All sales are **Cash Only**.

Bidders must pay for all property awarded before 3:00 PM on the day of the sale.

Only the person who placed the bid can pick up items awarded. Photo ID will be required.

Awarded property must be removed from the warehouse before **4:30 PM** the day of the sale.

Should a person be awarded more than one item on the bid sheet, the person must take all the items awarded. Should a bidder not pay for all items awarded, none of the items may be purchased.

Bidders who do not pay per the Terms and Conditions will be placed on a list for ineligible bidders for 30 days. During the 30-day period no bids in the name of persons on the ineligible bidder's list will be considered.

If the highest bidder rejects the bid for whatever reason, the item may be awarded to the second highest bidder. If the second highest bidder does not claim the item for whatever reason, the item will be returned to inventory.

State Surplus reserves the right to reject any bid and to remove any item from bid.

Any item awarded to a person who does not abide by the terms of the Bid-Purchase program may be re-sold at the next sale.

The descriptions of computer items offered for bid have been compiled from available data, and there is no guarantee or warranty on the part of SSPA. **The bidder assumes all risks.**

The computer items that are offered for bid are used items that have been deemed surplus by various State Government Agencies. These items have no warranties, and State Surplus makes no claims as to the merchantability of these items.

All items are sold "**AS IS – WHERE IS**". There is **no warranty, written or implied. The bidder assumes all risks. No Refunds, No Exchanges. All Sales Are Final.**
