Pick-Up and Recycling of Aluminum Road Signs

Bid # A010511 Bid Opening: 1/5/2011 @ 1:00PM

Locations: Bunn and Carthage, NC.... Sign and Tag Plants

Commodity: Scrap Aluminum

Property and Description

Estimated Quantities

1,425,000 Lbs. of Scrap Aluminum Signs and License tags

1. Carthage Location: Estimated 1,125,000 pounds of Total Aluminum :

- **600,000 pounds of Sign Aluminum:** The majority will be 5052 H38 alloy with some 3003H12 and 06061T6

- **425,000 pounds of Tag Aluminum:** The majority will be 8112-H111 and 7069-H111

2. Bunn Location: Estimated 400,000 pounds of Sign Aluminum:

The majority of aluminum will be 5052 H38 alloy with some 3003H12 and 06061T6 included.

Sign and tag aluminum can be kept separate if the vendor provides the containers. The quantities described in this bid document are **Estimates only**. Actual amounts may differ depending on scrap generated.

SERVICES TO BE PERFORMED

The successful bidder will be required to furnish scrap hoppers, roll off containers and/or open top trailers. The scrap hoppers, roll off containers and/or open top trailers must be in sound condition. Trailers must have proper working landing gear suitable to support typical loading. The scrap hoppers, roll off containers and/or open top trailers must be exchanged with like empties at time of pickup. Pickups must be made within five (5) business days after notification from the Department of Correction. Certified weight tickets will be provided at the pickup site.
