

**QUESTIONNAIRE FOR
MOWERS, RIDING TYPE**

Note: Failure to provide this form for each item bid will subject your bid to rejection. No exceptions. (Use separate questionnaire for each model submitted. Duplicate as necessary.) Reference Specification 3750-1W.

1. Bidder: _____ Date: _____
2. Make: _____ Model: _____
3. Classification: Group _____ Type _____ Class _____ Size _____
4. Mower cutting width: _____”
5. Advertised dry weight: _____ lbs.
6. Mower deck thickness in inches or gauge of metal: _____
7. Engine make: _____ model: _____
8. HP - net: _____ gross: _____ OHV (over-head valve design)? _____ (yes/no)
9. Number of cylinders: _____ Type of air filter (oil bath, pleated paper): _____
10. Type fuel: _____ (gasoline, diesel, compressed gas)
11. Engine cooling is by _____ (air, liquid)
12. Engine block material is: _____ (aluminum, cast iron) If aluminum, are cast iron cylinder sleeve (s) provided? _____ (yes/no)
13. If unit is a slope-cutting or hillside mower, is it certified by manufacturer for use on 20 percent grades? _____ (yes/no). If mower has a pivoting operator's seat is mower certified to operate on a 30 percent slope? _____ (yes/no) Is the mower available with ROPS and a seat belt? _____ (yes/no)
14. Is transmission of the hydrostatic drive type? _____ (yes/no) If no, describe:

15. Drive to mower deck is what type? (V-belt or PTO) _____
16. Describe engine starting system _____
17. Rated cutting speed on firm and level lawns: _____ MPH Acres per hour: _____
18. For non-slope mowers, excluding ZTR's, will unit operate on 20 percent grade in either direction of travel without tipping over? _____ (yes/no)
19. Will mower, excluding ZTR's, continuously cut at a minimum speed of 3 MPH while traveling up a 20 percent grade? _____ (yes/no)

- 20. Describe method of engine lubrication (splash, pressure): _____ Oil Filter? _____ (yes/no)
- 21. Does unit meet all provisions of specification section III.B.2, Driving Methods? _____ (yes/no)
- 22. Does unit meet all provisions of specification section III.B.3, Wheel Drive? _____ (yes/no)
- 23. Does unit meet all provisions of specification section III.B.4, Wheels? _____ (yes/no)
- 24. Does unit meet all provisions of specification section III.B.8, Controls? _____ (yes/no)
- 25. Does unit meet all provisions of specification section III.B.9, Steering Controls? _____ (yes/no)
- 26. Does unit meet all provisions of specification section III.C, Other Requirements? _____(yes/no)
- 27. Hardness of cutter blade, on Rockwell scale: _____
- 28. Cutting blade width _____ " Blade thickness _____ " Is reversible _____ (yes/no)
- 29. Is a dash mounted hour meter provided? _____ (yes/no)
- 30. Is fuel tank capacity capable of sustaining continuous operations for eight hours? _____ (yes/no)
- 31. Does the engine provided have a low oil shutoff feature? _____ (yes/no)
- 32. Is engine crankshaft forged? _____ (yes/no)
- 33. Is a backup alarm available? _____ (yes/no)
- 34. Are seatbelts available? _____ (yes/no)
- 35. Is a strobe light available? _____(yes/no)
- 36. Location of cutting deck? (front or belly) _____
- 37. Describe all safety interlocks on mower offered:

- 38. Does mower meet current EPA air quality requirements at time of delivery? _____ (yes/no)
- 39. Equipment meets 2 year warranty? _____ (yes/no)

Person completing form (print or type): _____

Firm: _____

Phone: _____ Fax: _____ Email: _____
