

QUESTIONNAIRE FOR
SWEEPERS, POWER

1. Bidder _____
2. Make _____ Model _____
3. Classification (size) _____
4. Sweep swath width including one side brush _____"
5. Type of fuel _____
6. Rated engine HP _____
7. Propulsion speed _____ MPH
8. Hopper capacity _____ cu. ft.
9. Hopper dump height _____"
10. Filter area _____ sq. ft.
11. Will sweeper pass over 2" high obstruction while sweeping at rated speed?
_____ (yes/no)
12. Advertised gradeability, without load _____ % slope
13. Is noise level during sweeping operations within OSHA 8-hour limits?
_____ (yes/no)
14. Is an alarm system provided to alert operator to smoke or excessive
temperature in the hopper or dust control system? _____ (yes/no)
15. Is fire extinguisher provided as required? _____ (yes/no)
16. Will housing permit debris up to 2½" in height to pass into the main
brush housing area? _____ (yes/no)
17. Engine: Make _____ Model _____ No. of cylinders _____
18. Engine: Water-cooled? _____ (yes/no)
19. Power transmission to the drive wheels is: ___ hydrostatic, or ___
hydraulic.
20. Is hydraulic pump towing valve provided (for towing use)? _____ (yes/no)
21. Is automotive type steering provided? _____ (yes/no)
22. Type of tires: _____ Size: _____

23. Does suction fan operate at constant speed independent from travel speed?
_____ (yes/no)
24. Is suction fan hydraulically driven? _____ (yes/no)
25. Is filter of the dry type and replaceable? _____ (yes/no)
26. Is power shaker for filter cleaning provided? _____ (yes/no)
27. Power shaker is: ____ automatically controlled, or ____ manually controlled, with warning light to operator signaling when filters require shaking to clean them.
28. Is vacuum bypass feature provided to allow sweeping of wet floors? _____ (yes/no)
29. Are main and side brushes hydraulically driven? _____ (yes/no)
30. Main brush diameter: _____" Main brush bristle length: _____"
31. Main brush bristle material: _____
32. Side brush bristle material: _____
33. Is hopper constructed of sheet steel? _____ (yes/no)
34. Is hopper provided with a means of power dumping, as specifically defined herein? _____ (yes/no)
35. Is hopper provided with multi-level dump feature? _____ (yes/no)
36. Is warranty provided as required herein? _____ (yes/no)
37. List below any deviations to technical requirements herein. (There is no implication that any such listed deviations will be acceptable.)

Person completing questionnaire: _____

Title: _____

Date: _____

Firm: _____

Phone: _____

Email: _____

Fax: _____
