

Questionnaire for Mattresses, Bed, Innerspring

(Section numbers specified below refer to NC standard specification #7210-1, latest revision. Make a separate copy of questionnaire for each line item bid, as applicable.)

- 1) Bidder _____ Bid line item number _____
Manufacturer _____ Model _____
- 2) Mattress type _____
- 3) Mattress width _____", length _____", thickness _____", total felt _____ lbs.
- 4) Number of spring coils _____
- 5) Does cotton felt filling material meet all requirements in section III.A? _____ (yes/no)
- 6) Ticking antibacterial test result in accordance with III.B.: vinyl _____ (pass/fail), nylon _____ (pass/fail).
- 7) Ticking hydrostatic resistance, when tested in accordance with III.B.: vinyl _____, using procedure _____ (A1 or B1); nylon _____, using procedure _____ (A1 or B1).
- 8) Ticking weight, when tested in accordance with III.B.: vinyl _____ oz/yd², nylon _____ oz/yd²
- 9) Ticking breaking strength, when tested in accordance with III.B.: vinyl _____ lbf/in warp, _____ lbf/in fill; nylon _____ lbf/in warp _____ lbf/in fill.
- 10) Ticking tear strength, when tested in accordance with III.B.: vinyl _____ lbf warp, _____ lbf fill; nylon _____ lbf warp _____ lbf fill.
- 11) Ticking coating adhesion, when tested in accordance with III.B.: vinyl _____ lbf/in² warp, _____ lbf/in² fill; nylon _____ lbf/in² warp _____ lbf/in² fill.
- 12) Do ventilators meet all requirements in section III.C? _____ (yes/no)
- 13) Do wire mats conform to all requirements in section III.D? _____ (yes/no)
- 14) Spacing of wires in wire mat _____"
- 15) Spacing of fiber cords in wire mats _____"
- 16) In Type I unit, does rigid spring unit meet all requirements in section III.E? _____ (yes/no)
- 17) In Type II unit, does flexible spring unit meet all requirements in section III.F? _____ (yes/no)

- 18) Bonding agent, where used, comprises ____ % by weight of the finished batting.
- 19) Open mesh fabric weighs ____ oz/sq. yd.
- 20) Non-woven fabric weighs ____ oz/sq. yd.
- 21) Width of edge binding tape ____". Breaking strength of binding tape is ____ lbs.
- 22) Is spring unit covered on both top and bottom with a wire mat? ____ (yes/no)
- 23) Spacing of hog rings ____"
- 24) Proportion of cotton felt covering both entire faces of mattress ____ %
- 25) Proportion of felt over middle 1/3 of length, in second layer, full width, both sides ____ %
- 26) Are both sides of mattress finished, to provide equal comfort? ____ (yes/no)
- 27) Does border meet all requirements of section III.M? ____ (yes/no)
- 28) Is label provided on all mattresses in accordance with section III.O? ____ (yes/no)
- 29) Does mattress meet all flammability requirements in section III.P? ____ (yes/no)
- 30) Does warranty meet section IV? ____ (yes/no)
- 31) Does bidder understand and comply with section VI? ____ (yes/no)
