Administration

Prepared by LeaAnne Hahnel Interscope + Business Systems Analyst State Construction Office Department of Administration

Entering expenditures is optional in this system since it is not designed to be an accounting system, but the opportunity for these entries was provided to assist users in tracking payments to designers, contractors, and other vendors.

Navigate to the 'Financial Worksheet'> 'Expenditures – Design' tab, and click on 'Add New Row.'

Program #: 9920 - St. Construction - New Office (Complex				
Project #: 10929 - St. Construction - Construct E	Building
