# SBA's Disaster Declaration Makes Loans Available Due to the Coronavirus (COVID-19)

The U.S. Small Business Administration (SBA) is offering designated states and territories low-interest federal disaster loans for working capital to small businesses suffering substantial economic injury as a result of the Coronavirus (COVID-19).

Upon a request received from a state's or territory's Governor, SBA will issue under its own authority, as provide by the Coronavirus Preparedness and Response Supplement Appropriations Act that was recently signed by the President, an Economic Injury Disaster Loan declaration.

***Administrator Jovita Carranza***

# SBA Economic Injury Disaster Loan Basics

## What businesses are eligible to apply?

SBA's EIDLs (or working capital loans) are available to small businesses, small agricultural cooperatives, small aquaculture businesses and most private non-profit organizations

## This includes:

- Businesses directly affected by the disaster
- Businesses that offer services directly related to the businesses in the declaration
- Other businesses indirectly related to the industry that are likely to be harmed by losses in their community

(Example: Manufacturer of widgets may be eligible as well as the wholesaler and retailer of the product.)

# SBA's Economic Injury Disaster Loan Basics

What are the criteria for a loan approval?

**Credit History** - Applicants must have a credit history acceptable to SBA.

**Repayment** – SBA must determine that the applicant business has the ability to repay the SBA loan.

**Collateral** - Not required for loans under \$25,000. Loans over \$25,000 SBA will seek collateral that is available.

# SBA's Economic Injury Disaster Loan Terms

## How much can I borrow?

- Eligible entities may qualify for loans up to \$2 million
- Terms up to 30 years and interest rates at:
  - 3.75% for small businesses
  - 2.75% percent for nonprofit organizations
- Eligibility for these working capital loans are based on the size (must be a small business), type of business, and its financial resources.

## How can I use the loan funds?

- Fixed debts
- Payroll
- Accounts payable
- Other bills that could have been paid had the disaster not occurred
- (Not intended to replace lost sales or profits or for expansion)

# Emergency Economic Injury Grants

- Emergency Economic Injury Grants up to \$10,000
- Requested during EIDL application process
- If approved, funds are distributed and are not repaid regardless of EIDL application decision

# SBA's Economic Injury Disaster Loan Basics

## What kinds of small businesses can apply?

Examples of eligible industries include but are not limited to the following: hotels, recreational facilities, charter boats, manufacturers, sports vendors, owners of rental property, restaurants, retailers, souvenir shops, travel agencies, and wholesalers.

## What other criteria is involved?

The applicant business must have a physical presence in the declared disaster area. An applicant's economic presence alone in a declared area does not meet this requirement. The physical presence must be tangible and significant. Merely having a P.O. Box in the disaster area would not qualify as a physical presence.

# Working Capital Loans

## Different from Other SBA Loans

- SBA's Economic Injury Disaster Loan (EIDLs) funds come directly from the U.S. Treasury
- Applicants do not go through a bank to apply. Instead apply directly to SBA's Disaster Assistance Program at: <https://covid19relief.sba.gov/#/>
- There is no cost to apply
- There is no obligation to take the loan if offered
- The maximum unsecured loan amount is \$25,000
- Applicants can have an existing SBA Disaster Loan and still qualify for an EIDL for this disaster, but the loans cannot be consolidated
