Entering a Cost Estimate

Cost estimate, in terms of Interscope+, refers to the OC-25 for capital projects, or form 3-1 for community colleges. If the OC-25 for the project has been certified by SCO, it will show on the separate tab for the 'cost estimate'. If the project name has been changed, the system may not find the OC-25 and the 'search' feature can be used to find it. If an OC-25 does not exist, there is an option to create one. While an OC-25/form 3-1 is required for the authorization of particular types of projects, with some exceptions cited elsewhere in this manual, some type of general cost estimate information is necessary to establish a project. General estimate information is entered as part of the process of establishing the project type described in detail in the next section.

Entering a cost estimate

From the Programs tab, select Cost Estimate

Entering a cost estimate

From the Programs tab, select Cost Estimate

The screenshot shows a web application interface for entering a cost estimate. A red arrow points to the 'Department' dropdown menu, which is currently set to 'Educational Institutions (Universities)'. The form is divided into two main sections: search criteria on the left and submission details on the right. The search criteria section includes fields for Biennium End, Department, Agency, OCF Sequence#, Title, Description, Status, and Revision. The submission details section includes fields for Project Sequence#, Submitted By, Approved By, Date Approved, Date Submitted, Package Type, Class, and Active?. At the bottom of the form, there are buttons for 'Search', 'Done', 'Reset', and 'Add Cost Estimate'. The footer of the page contains the date and time '1/15/2016 4:05:08 PM', the version information 'InterscopePlus 2.1.A_20160830 Copyright © 2016 - State of North Carolina : Department of Administration : State Construction Office', and a 'Report a Problem' link.

Entering a cost estimate

From the Programs tab, select Cost Estimate

Enter your Department and Agency

The screenshot shows a web application interface for searching cost estimates. The form is titled "Cost Estimate Search" and is divided into two main sections. The left section contains fields for "Biennium End", "Department" (set to "Educational Institutions (Universities)"), "Agency" (set to "NC State University"), "OCF Sequence#", "Title", "Description", "Status", and "Revision". The right section contains fields for "Project Sequence#", "Submitted By", "Approved By", "Date Approved", "Date Submitted", "Package Type", "Class", and "Active?". Below the form is a navigation bar with buttons for "Search", "Done", "Reset", and "Add Cost Estimate". A red arrow points from the top left to the "Department" and "Agency" fields, and another red arrow points from the bottom center to the "Search" button. The footer of the page includes the date "1/15/2016 4:05:08 PM", the version "InterscopePlus 2.1.A_20160830", the copyright notice "Copyright © 2016 - State of North Carolina : Department of Administration : State Construction Office", and a "Report a Problem" link.
