

Summary of COVID-19 Funding & Resources for Small Business Owners

(as of January 21, 2021)

List is updated as more federal, state and local programs are initiated or updated.

See the last page for a summary of key updates.

This provides a summary of loans (and possibly grants) that are available to assist small businesses **impacted by COVID-19**. As always, be sure to do your 'due diligence' with any loan product to ensure that it's a good business strategy that is sustainable for the future and loan terms are reasonable.

Please contact the funding source for additional information and to verify that the fund is still active and accepting new applicants. Also check with your business banker for local programs that may be available or use the list of NC based lenders and/or Fintech companies, some of which target historically underutilized businesses.

COVID-19 is a changing landscape, so more options may continue to unfold over time. If you know of special funding programs that can be added to the list, please email the information to sharonetta.mcintyre@doa.nc.gov.

Summary of COVID-19 Funding & Resources for Small Business Owners

(as of January 21, 2021)

1/11/2021 - SBA PAYCHECK PROTECTION PROGRAM (PPP-2) – Second funding round launches:

SBA, in consultation with the U.S. Treasury Department, opens the Paycheck Protection Program loan portal on **Monday, January 11, 2021 at 9 am ET**. When the PPP loan portal system opens, it will initially accept [First Draw](#) PPP loan applications from participating CFIs, which include Community Development Financial Institutions (CDFIs), Minority Depository Institutions (MDIs), Certified Development Companies (CDCs), and Microloan Intermediaries. Details at <https://www.sba.gov/funding-programs/loans/coronavirus-relief-options/paycheck-protection-program#section-header-0>

SBA PAYCHECK PROTECTION PROGRAM (PPP) LOAN FORGIVENESS APPLICATION (for those that previously received PPP funds):

The U.S. Small Business Administration, in consultation with the U.S. Department of the Treasury, released the Paycheck Protection Program (PPP) Loan Forgiveness Application and detailed instructions for the application.

The form and instructions inform borrowers how to apply for forgiveness of their Paycheck Protection Program (PPP) loans, consistent with the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). SBA will also soon issue regulations and guidance to further assist borrowers as they complete their applications, and to provide lenders with guidance on their responsibilities.

The form and instructions include several measures to reduce compliance burdens and simplify the process for borrowers, including:

- Options for borrowers to calculate payroll costs using an “alternative payroll covered period” that aligns with borrowers’ regular payroll cycles
- Flexibility to include eligible payroll and non-payroll expenses paid or incurred during the eligible period after receiving their PPP loan
- Step-by-step instructions on how to perform the calculations required by the CARES Act to confirm eligibility for loan forgiveness
- Borrower-friendly implementation of statutory exemptions from loan forgiveness reduction based on rehiring guidelines
- Addition of a new exemption from the loan forgiveness reduction for borrowers who have made a good-faith, written offer to rehire workers that was declined

The PPP was created by the CARES Act to provide forgivable loans to eligible small businesses to keep American workers on the payroll during the COVID-19 pandemic. The documents will help small businesses seek forgiveness at the conclusion of the covered period.

1/20/2021 - SBA FUNDING SOURCES Mobile-Friendly Tool Launched:

1/20/21 - SBA has curated list of thousands of funding sources at the national, state, regional, and local levels designed to support small businesses in accessing capital to recover from COVID-19. The opening page captures programs that are available nationally. Visitors then only need to enter a ZIP code of interest to see which programs their area may be eligible. The information is current as of the date of publication, so resource availability may change over time.

You can access this mobile-friendly, new resource here [COVID-19 Funding Sources \(sba.gov\)](https://www.sba.gov/covid-19-funding-sources).

Funding providers can submit requested updates, additions, or corrections to the data by emailing the information to EconRecovery@sba.gov for evaluation and update.

Note, the information is provided for reference only. Businesses and non-profits are encouraged to independently explore these resources to self-determine if they should pursue further assistance from the programs identified. Being included in this resource does not serve as an endorsement by the U.S. Small Business Administration that individuals or small businesses should pursue applications with any of these organizations.
