# **Contract Does Not Cover**

Repair parts are not covered by this contract. Products not within the scope of this or other statewide term contracts may be purchased from other vendors in accordance with <u>01 NCAC 05B.1105</u> and <u>01 NCAC 05B.0301</u>.

# **Mandatory Contract**

This is a mandatory statewide term contract for state agencies, departments, institutions, universities, and community colleges, unless exempted by North Carolina General Statute. Additionally, non-mandatory entities, including schools and local government, which are allowed by general statute may use this contract.

### Special Note

Users of this contract should contact multiple vendors for best value, including but not limited to:

- Pricing
- Delivery
- Warranty
- Service locations
- Available options/features/attachments

Fire extinguishers, back-up alarms and strobe lights are required by all state agencies, community colleges, and universities and any additional user of the construction equipment contract

## **Minimum Order**

One unit

Contract Items and Pricing	The vendor must furnish descriptive literature, MSRP for options and implements to any agency within seven (7) consecutive days after request of the agency. However, if available, in lieu of providing hard copy descriptive literature, this information may be provided electronically through the specific web address at which the literature may be found.
Delivery Information	FOB Destination.
Warranty	Contact vendor concerning specific equipment warranty information. The vendor guarantees items offered to be free from any and all defects in material, packaging, and workmanship. Vendor agrees to replace defective items promptly at no charge to the state for a period as stated in the vendor standard warranty information.
Training	Upon delivery, training is required, and the successful vendor shall provide a qualified representative to instruct the owner's operators on the proper operation, routine maintenance, safety, and service.
Substitutions	Substitutions are not permitted without prior approval of the Division of Purchase & Contract.
QA Inspections	State entities including all state agencies, community colleges, universities, and local government units are responsible for quality assurance (QA) inspections as applicable.
Loaded into E-Procurement	Yes, line item and ordering instructions are loaded in <u>E-Procurement.</u>
