

RTI International **BLACK-OWNED BUSINESS FAIR**

Tuesday **Nov. 12** 2024

9 a.m.–2 p.m. ET • Lunch provided

Participation is free.
Booths provided.

Suppliers interested in attending should email twaterfield@rti.org to request a formal invitation.

Be a part of our 2024 Black-Owned Business Fair. Sign up to exhibit your business and take advantage of this opportunity to meet our researchers, see our campus and talk about future collaboration opportunities.

RTI International is currently seeking organizations to participate in our 2024 Black-Owned Business Fair. If you are interested in working with scientists and researchers dedicated to positively impacting the wellbeing of people worldwide through science-based solutions in climate, education, health and equity then we would love to host you on RTI's campus. Organizations that attend will have the opportunity to set up a booth with their promotional materials. During the fair, RTI scientists and researchers will walk through the fair, and will be available to discuss future opportunities and RTI's mission.

Event Location

E.W. Holden Building, William M. Moore Jr. Collaboration Center
RTI International • 3040 E. Cornwallis Road • Research Triangle Park, NC

About RTI

RTI International is an independent, nonprofit research institute dedicated to improving the human condition.

Our vision is to address the world’s most critical problems with science-based solutions in pursuit of a better future. Clients rely on us to answer questions that demand an objective and multidisciplinary approach—one that integrates expertise across the social and laboratory sciences, engineering, and international development.

Combining scientific rigor and technical proficiency, we deliver reliable data, thorough analysis, innovative methods, novel technologies, and sustainable programs that help clients inform public policy and ground practice in evidence. We scale our approach to fit the demands of each project, delivering the power of a global leader and the passion of a local partner.

We believe in the promise of science, and we push ourselves every day to deliver on that promise for the good of people, communities, and businesses around the world.

Our experts hold degrees in more than 250 scientific, technical, and professional disciplines across the social and laboratory sciences, engineering, and international development fields. Our staff of nearly 6,000 works in more than 75 countries—tackling hundreds of projects each year to address complex social and scientific challenges on behalf of governments, businesses, foundations, universities, and other clients and partners. And our separate business operations—including RTI Health Solutions—serve commercial clients across a wide range of industries around the world.

Our research institute maintains offices on four continents, with our headquarters in Research Triangle Park, North Carolina, reflecting our roots in the area’s distinguished universities. Founded in 1958 with support from North Carolina government, education, and business leaders, we maintain close ties with North Carolina State University, Duke University, North Carolina Central University, and the University of North Carolina at Chapel Hill.

Our dedication to innovative, objective research and technical services makes RTI an outstanding partner for clients around the world whose greatest challenges demand rigorous approaches and science-based solutions. It also makes RTI a great working environment for people who share our mission to improve the human condition.
