## Partnership with NC 211/United Way of NC

- United Way's NC 211 service connects callers to verified sources for basic needs, such as housing and utility assistance, food, healthcare and transportation
- Now offers digital skills assessments, help setting up an email address, locations of libraries that offer free Wi-Fi or a computer lab and sites for upcoming computer skills classes
- Service is available in most languages and is open 24 hours a day, seven days a week, 365 days a year
- NC 211 database shows all assets from the Tech Resource Finder, so specialists can refer callers to resources in their community

# **Notable Digital Access Programs in North Carolina**

## Digital Opportunity Grant Program

*Launched by the NC Department of Information Technology (NCDIT), this \$17 million program focuses on expanding digital skills, online safety programs, and computer ownership. It aims to bridge the digital divide by providing resources like refurbished computers and digital literacy training.*

## Completing Access to Broadband (CAB) Program

*Supported by federal funding, this initiative invests in broadband infrastructure to connect underserved households and businesses. Recently, more than \$146 million was allocated to expand high-speed internet access in 65 of North Carolina's counties.*

## East Carolina University's Digital Equity Project

*ECU has implemented a digital technology lending program in rural and underserved communities; specifically, including providing Wi-Fi hotspots and iPads to libraries in 18 counties, along with digital skills training modules to enhance digital literacy.*

## NC Dept. Of Adult Corrections Education Opportunities

*In collaboration with the [Reentry 2030](#) efforts, technological devices and broadband access provide online opportunities to increase educational opportunities for incarcerated populations to successfully support rehabilitation and reentry after incarceration.*
