

Bid Opportunity

W. M. Jordan Company will be bidding as a General Contractor on the [P990 F-35B Vertical Lift Fan Test Facility, MCAS Cherry Point, North Carolina](#), and we would appreciate your assistance in the solicitation of subcontractor and supplier quotes. **Our proposal is due to the Government on Thursday, June 27, 2019 at 2:00PM; however, we are requesting YOUR proposal to US no later than Thursday, June 27, 2019 at 1:00PM.** Prices may be sent via email (BIDS ONLY) to estimating@wmjordan.com or faxed to the attention of [Rusty Balderson at 910-679-4606](tel:910-679-4606).

Project Value: \$25 Million	Project Square Footage: 10,500 SF
-----------------------------	-----------------------------------

Bid Email: estimating@wmjordan.com (the estimators email is not monitored on bid day – please do not send to or copy the estimator with your bid).

Bid Fax: 910-679-4606

Our proposal is due to the Government on Thursday, June 27, 2019 at 2:00PM; however, we are requesting YOUR proposal to US no later than Thursday, June 27, 2019 at 1:00PM. Thank you in advance.

The work includes the construction of a roughly 10,500 SF test facility that will support the Vertical LiftFan which is integral in operating the F-35B short takeoff and vertical landing aircraft. This will be a 3-level structure with cast-in-place concrete walls and slab-and-beam systems. This will be supported by a precast concrete pile foundation system. The building's electrical posser will be provided from a new transformer operating at 12.47 kV primary voltage and 480V three phase secondary voltage. The prime mover electrical power will be provided by a new high-voltage substation adjacent to the building.

The project also requires but not limited to Demolition, Sitework, Precast/Prestressed Concrete Piles, termite control, Landscape, utilities, Overhead transmission and distribution, Cast in Place Concrete, Unit Masonry, Structural Steel, Cold formed Metal Framing, Miscellaneous Metal Framing, Rough Carpentry, P/lam Architectural Cabinets, Air Barrier including Air tightness pressure testing, Metal Wall Panels, Bituminous Membrane Roofing, Standing Seam Metal Roofing, Spray Fireproofing, Firestopping, Joint sealants, Doors frames and hardware, Overhead Coiling Doors, Glazing, Gyp Board Systems, Tile, ACT Ceilings, Resilient Flooring, Resinous Flooring, Access Flooring, Painting, Visual Display units, Signage, Wall and Door Protection, Toilet Accessories, Entrance Floor grids and Frames, Elevators, Bridge and overhead cranes, fire protection, plumbing, HVAC, lighting, Cybersecurity, Telecommunications, supporting utilities and incidental related work.
