Capabilities Statement

The Pittsburgh Paints Company (formerly PPG Architectural Finishes) offers a complete network of products and services through our stores located across North Carolina. We provide a full line of high-quality architectural, industrial, and maintenance paints and coatings, backed by knowledgeable technical staff both in-store and in the field. Our experienced store teams ensure orders are accurately filled, while our outside sales team, known as Account Development Managers, provide comprehensive support including training, warranty service, and on-site inspections. We also offer free, same-day delivery. Additional services include a Maintenance Binder Program that documents products used, locations, and color specifications for each facility, and dedicated Architect Representatives to assist with product specifications. We also supply specialized Athletic Field Marking Paints and Traffic Paints. At Pittsburgh Paints Company, we are committed to delivering exceptional products, service, and support tailored to meet your needs.
