1.0 PURPOSE AND BACKGROUND

The Department of Administration (DOA) serves as the business manager for North Carolina state government and provides leadership to state government for the effective, efficient, economical, and equitable delivery of services to the public. The department also aids and services several advocacy programs that serve diverse segments of the state's population that have traditionally been underserved. The Division of Purchase and Contract (P&C) is the strategic force to provide the State's entities with a catalog of Statewide Term Contracts (STC) that provide for an encompassing organized and efficient manner to pool resources to provide goods and services.

The State, through the DOA P&C is seeking Vendors for a STC to supply the State's requirements for new, unused and in current production Manikins, Accessories and Services, in broken into seven (7) categories throughout the State of North Carolina. The intent of this Invitation for Bid (hereinafter, "IFB") is to receive pricing from Vendors who will offer a savings to the State and who confirm, through Vendors' submission of bids, an ability to meet the State's needs.

The contract resulting from this IFB is mandatory for State departments and most State Agencies, as well as State higher education institutions (except under the conditions specified in G.S. 115D-58.14(a) and G.S. 116-13). The Contract may also be utilized, without further competition, by non-mandatory State Agencies and Other Eligible Entities.

The intent of this solicitation is to award a Statewide Term Contract.

1.1 CONTRACT TERM

The Contract shall have an initial term of four (4) years, beginning on the date of final Contract execution (the "Effective Date") or March 1, 2023, whichever is later.

At the end of the Contract's initial term, the State shall have the option, in its sole discretion, to renew the Contract on the same terms and conditions for up to one (1) additional one-year terms. The State will give the Vendor written notice of its intent to exercise each option no later than thirty (30) days before the end of the Contract's then-current term. In addition, the State reserves the right to extend a contract term after the last active term.

Bids shall be submitted in accordance with the terms and conditions of this IFB and any addenda issued hereto.

1.2 ESTIMATED SPEND

Based on the historical usage of the STC by eligible entities, the estimated annual spend through the contract is approximately \$7 million. This amount is not guaranteed and could be more or less than the estimated spend during the contract period.

2.0 GENERAL INFORMATION

2.1 INVITATION FOR BID DOCUMENT

The IFB is comprised of the base IFB document, any attachments, and any addenda released before Contract award, which are incorporated herein by reference.

2.2 E-PROCUREMENT FEE

ATTENTION: This is an NC eProcurement solicitation facilitated by the Ariba Network. The E-Procurement fee may apply to this solicitation. See paragraph entitled ELECTRONIC PROCUREMENT of the North Carolina General Terms and Conditions.

General information on the E-Procurement Services can be found at: <http://eprocurement.nc.gov/>.

What is the Ariba Network?

The Ariba Network is a web-based platform that serves as a connection point for buyers and vendors. Vendors can log in to the Ariba Network to view purchase orders, respond to electronic requests for quotes, participate in Sourcing Events, and collaborate with buyers on contract documents.

For training on how to use the Sourcing Tool to view solicitations, submit questions, develop responses, upload documents, and submit offers to the State, Vendors should go to the following site:

<http://eprocurement.nc.gov/training/vendor-training>.

2.3 NOTICE TO VENDORS REGARDING IFB TERMS AND CONDITIONS

It shall be the Vendor's responsibility to read the Instructions to Vendors, the North Carolina General Terms and Conditions, all relevant exhibits and attachments, and any other components made a part of this IFB and comply with all requirements and specifications herein. Vendors also are responsible for obtaining and complying with all Addenda and other changes that may be issued in connection with this IFB.

If Vendors have questions, issues, or exceptions regarding any term, condition, or other component within this IFB, those must be submitted as questions in accordance with the instructions in the BID QUESTIONS Section. If the State determines that any changes will be made as a result of the questions asked, then such decisions will be communicated in the form of an IFB addendum. The State may also elect to leave open the possibility for later negotiation and amendment of specific provisions of the Contract that have been addressed during the question-and-answer period. Other than through this process or negotiation under 01 NCAC 05B.0503, the State rejects and will not be required to evaluate or consider any additional or modified terms and conditions submitted with Vendor's bid. This applies to any language appearing in or attached to the document as part of the Vendor's bid that purports to vary any terms and conditions or Vendors' instructions herein or to render the bid non-binding or subject to further negotiation. Vendor's bid shall constitute a firm offer that shall be held open for the period required herein ("Validity Period" above).

By execution and delivery of this IFB Response, the Vendor agrees that any additional or modified terms and conditions, whether submitted purposely or inadvertently, shall have no force or effect, and will be disregarded. Noncompliance with, or any attempt to alter or delete, this paragraph shall constitute sufficient grounds to reject Vendor's bid as nonresponsive. The State may exercise its discretion to consider Vendor proposed modifications.

To accommodate the Bid Questions process, Vendors shall submit any such questions by the "Submit Written Questions" date and time provided in the IFB SCHEDULE Section above, unless modified by Addendum.

Questions related to the content of the solicitation, or the procurement process should be directed to the person on the title page of this document via the Sourcing Tool's message board by the date and time specified in the IFB SCHEDULE Section of this IFB. Vendors will enter "IFB # DPC-542760739-NE – Questions" as the subject of the message. Question submittals should include a reference to the applicable IFB section. This is the only manner in which questions will be received.

Questions or issues related to using the Sourcing Tool itself can be directed to the North Carolina eProcurement Help Desk at 888-211-7440, Option 2. Help Desk representatives are available Monday through Friday from 7:30 AM ET to 5:00 PM ET.

Questions received prior to the submission deadline date, the State's response, and any additional terms deemed necessary by the State will be posted in the Sourcing Tool in the form of an addendum and shall become an Addendum to this IFB. No information, instruction or advice provided orally or informally by any State personnel, whether made in response to a question

or otherwise in connection with this IFB, shall be considered authoritative or binding. Vendors shall rely *only* on written material contained in an Addendum to this IFB.

2.7 BID SUBMITTAL

IMPORTANT NOTE: This is an absolute requirement. Vendor shall bear the risk of late submission due to unintended or unanticipated delay. It is the Vendor's sole responsibility to ensure its bid has been received as described in this IFB by the specified time and date of opening. Failure to submit a bid in strict accordance with instructions provided shall constitute sufficient cause to reject a Vendor's bid(s). Solicitation responses are subject to Sealed Bidding requirements.

Vendor's bids for this procurement must be submitted through the Sourcing Tool. For training on how to use the Sourcing Tool to view solicitations, submit questions, develop responses, upload documents, and submit offers to the State, Vendors should go to the following site: <https://eprocurement.nc.gov/training/vendor-training>

Questions or issues related to using the Sourcing Tool itself can be directed to the North Carolina eProcurement Help Desk at 888-211-7440, Option 2. Help Desk representatives are available Monday through Friday from 7:30 AM EST to 5:00 PM EST.

Tips for Using the Sourcing Tool

1. Vendors should review available training and confirm that they are able to access the Sourcing Event, enter responses, and upload files well in advance of the date and time response are due to allow sufficient time to seek assistance from the North Carolina eProcurement Help Desk.
2. Vendors may submit their responses early to make sure there are no issues, and then submit a revised response any time prior to the response due date and time. The State will only review the most recent response.
3. Vendors should respond to all relevant sections of the Sourcing Event. Certain questions or items are required in order to submit a response and are denoted with an asterisk. The Sourcing Tool will not allow a response to be submitted unless all required items are completed. The Sourcing Tool will provide error messages to help identify any required information that is missing when response is submitted.
4. Simply saving your response in the Sourcing Tool is not the same as submitting your response to the State. Vendors should make sure they complete the submission process and receive a message that their response was successfully submitted.

2.8 BID CONTENTS

Vendors shall provide responses to all questions and complete all attachments for this IFB that require the Vendor to provide information and upload them to the Sourcing Event in the Sourcing Tool. Vendor may not be able to submit its response in the Sourcing Tool unless all required items are addressed. Vendors shall provide authorized signatures where requested. Failure to provide all required items, or Vendor's submission of incomplete items, may result in the State rejecting Vendor's bid, in the State's sole discretion.

Vendors shall upload the following items and attachments in the Sourcing Tool:

- b) Completed and signed version of EXECUTION PAGES, along with the body of the IFB.

Alternate bids must specifically identify the IFB requirements and advantage(s) addressed by the alternate bid. Each bid must be for a specific set of Goods and Services and must include specific pricing. Each bid must be complete and independent of other bids offered. If a Vendor chooses to respond with various offerings, Vendor shall follow the specific instructions for uploading Alternate Bids in the Sourcing Tool

3.0 METHOD OF AWARD AND BID EVALUATION PROCESS

3.1 METHOD OF AWARD

North Carolina G.S. 143-52 provides a general list of criteria the State shall use to award contracts, as supplemented by the additional criteria herein. The Goods or Services being procured shall dictate the application and order of criteria; however, all award decisions shall be in the State's best interest.

All responsive bids will be reviewed, and award or awards will be based on the responsive bids(s) to provide the estimated requirements as to breadth of items in each category offered, highest percentage discount offered off the most recently published Manufacturer Standard Retail Price (MSRP) List, quantity, quality, delivery, service, and/or geographical coverage.

It is the State's intent to have multiple manufacturers represented in each category. In the event that two (2), or more Vendors offer the same manufacturer's product(s), it is the intent of the state to make an award to the Vendor with the most complete offering per category, and highest percentage discount offered off MSRP List for a particular manufacturer's product(s).

Products offered must currently be available on the manufacturer's most recently published MSRP. Submission of price schedules developed specifically for this Bid WILL result in disqualification from award consideration.

State reserves the right to reject any bid based on functionality, compatibility with specified requirements as well as cost, make separate awards to different Vendors for one (1) or more categories, to not award one (1) or more categories or to cancel this IFB in its entirety without awarding a Contract if it is considered to be most advantageous to the State to do so.

The State is requesting the Vendor to enter its most advantageous percentage discount for its entire catalog in **ATTACHMENT A: PRICING**

While the intent of this IFB is to award a Contract(s) to multiple Vendors, the State reserves the right to make separate awards to different Vendors for one or more-line items, to not award one or more line items or to cancel this IFB in its entirety without awarding a Contract, if it is considered to be most advantageous to the State to do so.

The State reserves the right to waive any minor informality or technicality in bids received.

3.2 CONFIDENTIALITY AND PROHIBITED COMMUNICATIONS DURING EVALUATION

While this IFB is under evaluation, the responding Vendor, including any subcontractors and suppliers, is prohibited from engaging in conversations intended to influence the outcome of the evaluation. See the Paragraph of the Instructions To Vendors entitled Confidential Information.

3.3 BID EVALUATION PROCESS

Only responsive submissions will be evaluated.

The State will conduct an evaluation of responsive Bids, as follows:

Bids will be received according to the method stated in the Bid Submittal section above.

All bids must be received by the issuing agency not later than the date and time specified in the IFB SCHEDULE Section above, unless modified by Addendum. Vendors are cautioned that this is a request for offers, not an offer or request to contract, and the State reserves the unqualified right to reject any and all offers at any time if such rejection is deemed to be in the best interest of the State.

At the date and time provided in the IFB SCHEDULE Section above, unless modified by Addendum, the bids from each responding Vendor will be opened publicly and the name of the Vendor and total cost offered may be announced. Interested parties are cautioned that these costs and their components are subject to further evaluation for completeness and correctness and therefore may not be an exact indicator of a Vendor's pricing position.

If negotiation is anticipated under 01 NCAC 05B.0503, pricing may not be public until award.

At their option, the evaluators may request oral presentations or discussions with any or all Vendors for clarification or to amplify the materials presented in any part of the bid. Vendors are cautioned, however, that the evaluators are not required to request presentations or other clarification—and often do not. Therefore, all bids should be complete and reflect the most favorable terms available from the Vendor. Prices bid cannot be altered or modified as part of a clarification.

Bids will generally be evaluated, based on completeness, content, cost, and responsibility of the Vendor to supply the requested Goods and Services. Specific evaluation criteria are listed in Section 3.1 METHOD OF AWARD.

Upon completion of the evaluation process, the State will make Award(s) based on the evaluation and post the award(s) to IPS under the IFB number for this solicitation. Award of a Contract to one Vendor does not mean that the other bids lacked merit, but that, all factors considered, the selected bid was deemed most advantageous and represented the best value to the State.

The State reserves the right to negotiate with one or more Vendors, or to reject all original offers and negotiate with one or more sources of supply that may be capable of satisfying the requirement, and in either case to require Vendor to submit a Best and Final Offer (BAFO) based on discussions and negotiations with the State.

3.4 PERFORMANCE OUTSIDE THE UNITED STATES

Vendor shall complete ATTACHMENT F: LOCATION OF WORKERS UTILIZED BY VENDOR. In addition to any other evaluation criteria identified in this IFB, the State may also consider, for purposes of evaluating proposed or actual contract performance outside of the United States, how that performance may affect the following factors to ensure that any award will be in the best interest of the State:

- a) Total cost to the State
- b) Level of quality provided by the Vendor
- c) Process and performance capability across multiple jurisdictions
- d) Protection of the State's information and intellectual property

- e) Availability of pertinent skills
- f) Ability to understand the State's business requirements and internal operational culture
- g) Particular risk factors such as the security of the State's information technology
- h) Relations with citizens and employees
- i) Contract enforcement jurisdictional issues

3.5 INTERPRETATION OF TERMS AND PHRASES

This IFB serves two functions: (1) to advise potential Vendors of the parameters of the solution being sought by the State; and (2) to provide (together with other specified documents) the terms of the Contract resulting from this procurement. The use of phrases such as "shall," "must," and "requirements" are intended to create enforceable contract conditions. In determining whether bids should be evaluated or rejected, the State will take into consideration the degree to which Vendors have proposed or failed to propose solutions that will satisfy the State's needs as described in the IFB. Except as specifically stated in the IFB, no one requirement shall automatically disqualify a Vendor from consideration. However, failure to comply with any single requirement may result in the State exercising its discretion to reject a bid in its entirety.

4.0 REQUIREMENTS

This Section lists the requirements related to this IFB. By submitting a bid, the Vendor agrees to meet all stated requirements in this Section, as well as any other specifications, requirements, and terms and conditions stated in this IFB. If a Vendor is unclear about a requirement or specification, or believes a change in a requirement would allow for the State to receive a better bid, the Vendor is encouraged to submit these items in the form of a question during the question and answer period in accordance with the Bid Questions Section above.

4.1 PRICING

Bid price shall constitute the total cost to the State for delivery fully assembled and ready for use, including all applicable charges for shipping, delivery, handling, administrative and other similar fees. Complete ATTACHMENT A: PRICING and upload in the Sourcing Tool. The pricing provided in ATTACHMENT A, or resulting from any negotiations, is incorporated herein and shall become part of any resulting Contract.

No taxes shall be included in any bid prices.

4.2 ADDITIONAL DISCOUNT OFFERS/REBATES

This component of the Pricing Response is optional, but the State encourages Vendors to provide additional financial incentives, if possible, within the scope of this IFB that will benefit the State. These additional incentives could include, but are not limited to additional discounts based on total spend volumes, tier pricing, rebates, additional discounts by manufacture or product type, etc. Additional Discount Offers shall be in addition to the discounts bid on percentage discount off items.

Volume or tier discounts, if offered, shall also be based on the published retail MSRP price list. All discounts offered shall remain in effect for the entire contract period and cannot be decreased. However, the discount may be increased, and any such increase shall remain in effect for the remainder of the contract period and any subsequent extensions. Volume or tier discounts, if offered, shall apply to purchase orders placed for delivery to the same location. Vendor may provide volume or tier discounts to orders that include multiple delivery points from the same agency.

The State reserves the right to accept or reject all or part of proposed Additional Discount Offers as part of a Vendor's Total Price Submittal Value. It is at the State's sole discretion not to assign value to propose Additional Discount Offers which the State cannot quantify or to give only partial value for Additional Discount Offers. Vendors may offer the State additional discount using the Additional Discount Offers within ATTACHMENT A: PRICING.

4.3 PRODUCT IDENTIFICATION

MAKE AND MODEL

Manufacturer's names used in this IFB are for the sole purpose of identification and to establish general quality level desired. Such references are not intended to be restrictive and comparable products of other manufacturers will be considered. However, Vendors are cautioned that any deviation from the specifications of the identified item are required to be pointed out in its bid. Vendor shall include with its bid sufficient documentary evidence to demonstrate the qualitative, functional, operational, organizational, and conformational equivalence of the bid item to the identified item.

4.4 RETURN/RESTOCKING POLICY

Vendor shall accept merchandise returns from users for a period of thirty (30) business days after delivery. Vendor shall provide full credit or full refund to users, whichever a user requests, within thirty (30) business days on all returns of ordered products that are in original packaging and in re-sellable conditions. Vendor shall not impose a restocking fee on users for merchandise that has been returned, unless it is a specialty item and the user has been notified, at the time of placement of order, of the potential restocking fee.

Equipment or Supplies which are unacceptable because of quality problems, duplicated shipments, outdated product, breakage, or other issues related to Vendor or product performance, shall be returned at Vendor's expense within five (5) business days after receipt of notification from the Ordering Entity; with no restocking charge.

4.4 TRANSPORTATION AND IDENTIFICATION

The Vendor shall deliver Free-On-Board (FOB) Destination to any requested location within the State of North Carolina with all transportation costs and fees included in the total bid price.

When an order is placed using a purchase order, the purchase order number shall be shown on all packages and shipping manifests to ensure proper identification and payment of invoices. If an order is placed without using a purchase order, such as via phone, the Buyer's name shall be shown on all packages. A complete packing list shall accompany each shipment. Vendors shall not ship any products until they have received an order.

4.5 DELIVERY AND INSTALLATION

Vendors are requested to make deliveries within **thirty (30) business days** after a receipt of a purchase order. If the Vendor is unable to make the above delivery timeframe, please state here the earliest guaranteed delivery time you can offer 80 days. Promptness of delivery may be used as an evaluation factor in the award criteria. **Delivery will be made from** Miami, Florida (city, state).

Delivery of equipment shall not be considered to have occurred until installation has been completed. Upon completion of the installation, the Vendor shall remove and properly dispose of all waste and debris from the installation site. The Vendor shall be responsible for leaving the installation area clean and ready to use.

Vendors are cautioned that excessively long delivery schedules, as determined by this Division, may be cause for non-award. The State expects that the delivery schedule offered herein to be firm and fully expects compliance with the stated delivery schedule. Failure of the Vendor to meet contracted delivery schedules shall constitute cause for removal from the contract.

In the event the delivery is not received within the contract delivery period, the Vendor may be held in default in accordance with ATTACHMENT B, DEFAULT AND PERFORMANCE BOND, in the North Carolina General Contract Terms and Conditions, and the State may procure the articles or services from other sources and hold the Vendor responsible for any excess cost occasioned thereby.

4.6 INSTALLATION REQUIREMENTS

If installation is required, the following requirements apply:

INSPECTION OF JOB SITE

The Vendor's signature on this solicitation constitutes certification that the Vendor will inspect the job site and will be aware of the conditions under which the work must be accomplished. Claims, as a result of failure to inspect the job site, will not be considered by the State.

WORK SITE DAMAGES

Any damage to existing utilities, equipment or finished surfaces resulting from the performance of this contract shall be repaired to the State's satisfaction at the Vendor's sole expense.

SUBCONTRACTORS

No portion of the work shall be subcontracted without prior written consent of the State. In the event that the Vendor desires to subcontract some part of the work specified herein, the Vendor shall furnish with their bid the names, qualifications, and experience of their proposed sub-contractors. The Vendor shall, however, remain fully liable and responsible for the work done by its sub-contractor(s) and shall assure compliance with all the requirements and specifications of the contract.

4.6 AUTHORIZED RESELLER

The Vendor shall be authorized by the manufacturer to distribute or resell the products and/or maintenance offered in this IFB. The Vendor shall provide a signed statement from the manufacturer confirming authorization upon request from the agency. Failure to provide this statement shall constitute sufficient grounds for rejection of Vendor's offer, at the discretion of the State.

Vendor is the: ☒ Manufacturer ☐ Dealer ☐ Reseller ☐ Distributor

Authorized: ☐ Yes ☐ No Attached Manufacturer's Authority: ☐ Yes ☐ No

4.7 WARRANTY

Manufacturer's standard warranty shall apply to the extent it exceeds the minimum warranty requirements.

Vendor warrants that all equipment furnished under this IFB will be newly manufactured, of good material and workmanship. The warranty will apply from date equipment is put into operation for a minimum period of twelve (12) months or the length of the manufacturer's warranty, whichever is longer. Such warranty shall cover the cost of all defective parts replacement, labor, freight, and technicians' travel at no additional cost to the State, or as specified by the Purchasing Agency herein. To the extent not superseded by the terms of this paragraph, manufacturer's warranty terms shall apply. 2. The following are questions received about the Solicitation and the State's response to those questions:

Question #	Document Section	Vendor Question	State's Response
1	Section 6.6	We are unsure about the type of information this report states it should include. Pulling this type of data is not really applicable to our products. The prior IFB had the report based on goods sold (ie. item purchased, product description, qty, price, etc.). This IFB seems to request only service-related detailed information- nothing to do with products). Is this correct?	Please see revisions to Section 6.6 in Section 1 modification 3.
2	General	In the past, manufacturers were allowed to respond and name their NC distributors. Can this still be done or should each distributor respond individually?	Both manufacturers and distributors can submit bids, award(s) will be made in accordance with Section 3.1. An awarded Vendor may utilize approved, Authorized Dealers, to participate as alternate distribution sources for Vendor. Authorized Dealers may be added or removed at any time during the contract term at the discretion of the Vendor and the State. Awarded Vendors remain responsible for contract compliance by its Authorized Dealers, and neither an order placed with, or items delivered by, a Vendor's Authorized Dealer shall relieve the Vendor from any obligation under this contract.
3	Attachment A	Can the column called "item" be modified to match our product offerings? Ex can we remove "Mid Fidelity" and replace with one of our own categories	If the Manufacturer has additional product categories within the scope of this solicitation those categories and discount amount can be added. The State, at its sole discretion, will determine if these categories are included in any award.
4	Section 4.6	One of our products offerings occasionally requires a subcontractor, since this is not required for all of our products and we do not know who the sub will be for said project can we simply state in our submission that "subcontractors may be utilized on occasion"?	Yes, however use of subcontractor would still require prior approval.
5	Section 4.1	Redline/Adjust language to read as follows (any added language denoted in red ; proposed deleted language as ~~strikethrough~~): Bid price shall constitute the total cost to the State for delivery fully assembled and ready for use, ~~including all applicable charges for shipping, delivery, handling, administrative and other similar fees.~~ All applicable charges for shipping and delivery will be quoted and invoiced as a separate line item on the applicable quote and invoice.	Section 4.1 Pricing will not be altered, however per Section 1 modification 3 of this addenda Section 4.17 Minimum Order has been added.
