

Purchase and Contract

## New Statewide Term Contract

### **Fleet Vehicles (All Types) – 2510A**

*Effective Dates: February 1, 2024 – January 31, 2029*

*This space was intentionally left blank.*

The Division of Purchase & Contract has established a new statewide term contract to provide vehicles (all types).

This is a mandatory contract for state agencies, departments, institutions, universities, and community colleges - unless exempted by North Carolina General Statute. Additionally, non-mandatory entities, including schools and local government, that are allowed by general statute may use this contract.

## New Contract Highlights

The Fleet Vehicle contract offers a wide range of vehicles from multiple manufacturers, as well as related OEM options and aftermarket components. Pricing is based on a discount off the Manufacturer's Suggested Retail Price (MSRP).

Delivery to the ordering agency is included in the unit price. Delivery schedules are subject to change based on factory production schedules and product availability. Using agencies are encouraged to stay in communication with the dealer regarding estimated delivery and issues that may arise that would cause a delay.

Each awarded vendor has a dedicated account representative for placement of orders to ensure that agencies receive the utmost level of customer service.

Awarded manufacturers are:

- Chevrolet
- Chrysler-Dodge-Jeep-Wrangler (CDJR)
- Ford
- Nissan
- Toyota

For award of specific items to vendors, see [Awarded Vendors - Pricing - Delivery Information](#).

The Division of Purchase & Contract is focused on establishing statewide term contracts that provide customers with goods and services at the best value.
