of America is investing \$2.0 billion over the next 10 years in zero emission vehicle (ZEV) infrastructure, education, and access outside California to support the increased adoption of ZEV technology in the United States, representing the largest commitment of its kind to date. Based on figures from the Council of Economic Advisors and US Department of Transportation related to highway and transit investments, this \$2.0 billion is estimated to support up to 15,000 jobs throughout the United States over the 10-year course of the investment. Based on the \$92 million from the Environmental Mitigation Trust to the State of North Carolina, STC 2613A was created.

Each vendor has a dedicated account representative for placement of orders to ensure agencies receive the utmost level of customer service.

There are two (2) one-year renewal options available for each contracted vendor.
